

*The World's Finest Triggers®*

## **TRIGGER INSTALLATION INSTRUCTIONS**

Thank you for purchasing this Timney Trigger. It has been designed and manufactured to provide you with a lifetime of dependable service. Each trigger is hand tested and calibrated on a rifle action before leaving our factory. Please read these instruction **fully** before you begin installing the trigger, you'll be glad you did.

### **Installation Instructions**

1. Before beginning work on any firearm make sure to remove the ammunition source and double check to ensure the chamber is empty.
2. To install the Timney Impact AR trigger the following tools are required:
  - Large flathead or Allen key, depending on your configuration, to remove the pistol grip.
  - 5/64 Allen-key
  - Straight punch
3. To separate the upper and lower receiver, press out the two takedown pins.
4. From the bottom there should be a large screw visible inside the pistol grip, either an Allen head or flathead screw. In order to remove the pistol grip, take out this screw. Be careful not to lose the safety spring and plunger!
5. Use your straight punch to push out the roll pins that are holding your stock trigger assembly in place.
6. Remove the safety lever and fire control selector.
7. Now you're ready to insert your new Timney Impact AR trigger in the lower receiver! Drop in the trigger and insert triggers pins.
8. Reinstall the fire control selector, safety plunger and pistol grip.
9. Tighten the pre-installed setscrews in the trigger housing and install the 2 set screw that are included with the trigger to prevent the mounting screws from backing out.
10. Reinstall the upper receiver on the lower receiver.
11. Perform a function check and enjoy your new Timney Trigger.

**NOTE:** If you have trouble, contact Timney or check out the troubleshooting steps on the Timney web site. Timney will also install your trigger for \$ 40.00 plus \$ 35.00 shipping and handling.

### **TIMNEY TRIGGER GUARANTEE**

Material and workmanship: This Timney trigger has been carefully inspected, tested and adjusted to give a lifetime of dependable service. Every possible care has been exercised in its design and construction. If any defect in workmanship or material should develop under conditions of normal use and service, any necessary repairs, including parts and labor will be made at NO CHARGE to the purchaser providing that our inspection reveals parts were not damaged through accident, alteration, misuse, abuse or other causes beyond our control. We neither assume nor imply any oral or statutory warranties, and we neither assume nor authorize any person to assume for us any obligation or liability in connection with this trigger. Repairs or disassembly of this trigger in any manner without specific authorization, voids the guarantee.
